Internship Program Admissions

Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the **program's policies on intern selection and practicum and academic preparation** requirements:

AK-PIC Training Sites

The consortium includes the following sites: Alaska Psychiatric Institute; Aleutian Pribilof Islands Association; Hope Counseling Center; Providence Family Medicine Center/Alaska Family Medicine Residency; and Norton Sound Health Corporation. Each site is described below.

The Consortium offers one-year, full-time internship placements that begin and end around July of each year. The Consortium is comprised of treatment centers throughout Alaska and will provide a range of clinical and didactic experiences that represents the necessary **depth and breadth required for future professional practice with Alaska's diverse** communities. Interns will have a primary placement at one site and will complete Alaska Specific Experiential Activities (AK-SEA) at other sites within the consortium. Across training sites, interns will complete a minimum of 500 hours per internship year of face-to-face direct service delivery.

Required Alaska Specific Experiential Activity (AK-SEA)

Every intern will complete an AK-SEA at the Alaska Psychiatric Institute in Anchorage in order to gain clinical exposure in both civil and forensic inpatient settings. Every intern will additionally participate in an AK-SEA with Norton Sound Health Corporation in one of its 15 outlying Native communities or with Aleutian Pribilof Islands Association and one of their Native communities. The purpose of this AK-SEA is to gain village-based experience with Alaska Native culture. All interns will complete an AK-SEA focused transcultural medicine at Providence Family Medicine Center/Alaska Family Medicine Residency in Anchorage. The purpose of this experience is to learn about the role of culture in medicine and its application focused on the diverse needs of **Alaska's population**. AK-SEAs are intended as opportunities for exposure and shadowing and may or may not involve the opportunity for provision of clinical services.

Alaska Psychiatric Institute

Financial and Other Benefit Support for Upcoming Training Year

Annual Stipend/Salary for Full-time Interns: \$32,000

Annual Stipend/Salary for Half-time Interns: NA

Program provides access to medical insurance for intern? Yes No

If access to medical insurance is provided
